Sir:

This Information Disclosure Statement is being resubmitted at the Examiner's Request in response to the Office Communication from your office on April 15, 2008. We previously filed this IDS on March 8, 2007 but inadvertently omitted to state that each item of information contained in the Information Disclosure Statement was first cited in any communication no more than three months prior to the filing of the IDS. Account No. 08-2025 was charged \$180.00, which is the fee set forth in § 1.17 (p), with the filing of the IDS. We hereby resubmit the prior art for the Examiner's consideration and ask that each item of information contained in the information disclosure statement be considered and be given the filing date of March 8, 2007.

In accordance with the Applicants' duty to disclose information which may be material to the examination of this application, the undersigned respectfully requests that the Examiner consider on the merits the documents listed on the enclosed Form PTO-1449 (modified). Copies of the U.S. patent documents listed on the enclosed Form PTO-1449 (modified) are not enclosed in accordance with 37 C.F.R. § 1.98(a) (2) (ii). The documents listed were cited in Office Actions for U.S. Patent Application Nos. 10/175,542 (dated January 12, 2007) and 10/175,185 (dated January 29, 2007).

The filing of this Information Disclosure Statement (IDS) shall not be construed as a representation that a search has been made (37 C.F.R. 1.97(g)), an admission that the information cited is, or is considered to be, material to patentability, or that no other material information exists.

This IDS is being submitted after receiving a Final Rejection. The references

listed in this IDS should be fully considered, in accordance with 37 C.F.R. § 1.97. Therefore, official fees should be due; and this IDS should be considered on the merits. The Commissioner is authorized to charge Deposit Account No. 08-2025 \$180.00 (or any other required amount), which is the fee set forth in § 1.17 (p).

Each item of information listed was cited in the Office Actions for U.S. Patent Application Nos. 10/175,542 (dated January 12, 2007) and 10/175,185 (dated January 29, 2007) no more than three months prior to the original filing of this Information Disclosure Statement (IDS). No item of information contained in this IDS was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the Information Disclosure Statement was known to any individual designated in § 1.56(c) more than three months prior to the original filing of this Information Disclosure Statement.

The filing of this Information Disclosure Statement shall not be construed as an admission against interest in any manner. (Notice of January 9, 1992, 1135 O.G. 13-25, at 25.)

The person making this statement is the practitioner who signs below on the basis of information supplied by an individual associated with the filing and prosecution of this application (37 C.F.R. § 1.56(c)) and on the basis of information in the practitioner's file.

I hereby certify that this correspondence is being deposited with the United States Patent and Trademark Office via electronic filing on June 11, 2008 by Guillermo Gonzalez.

Respectfully submitted,
